MOGA has hosted an annual pack trip for a number of years. The goal is to put Outfitters and Agency staff in an environment where the pressures of the office and the ring of the phones do not interfere with good honest communication. For every person who attends these trips there is a sacrifice in terms of time and not doing something that might otherwise need done. However, this trip has proven to be an excellent way to discuss important issues face to face, and to build and maintain the good relationships we enjoy with Forest Service staff and others. We fully appreciate MOGA members and Agency Staff willingness to take time away from the demands of a normal day and reconnect on the trail.

Thank you Neal's for hosting the 2008 Forest Service Pack Trip.
